YOUR FIRST STEP IS TO: Enroll online with UNION HOME SERVICES at www.unionhomeservices.com or by phone [877-779-0197](tel:877-779-0197)

A. Obtain Mortgage Preapproval before You Begin House Hunting

- 1. Learn how much home you can afford*
- 2. Strengthen your bargaining position with sellers*

B. Call Your Union Home Services Realtor and Let Them Know You Are Ready To Start Looking

1. Finding the Right Home

- a. Determine the needs of you and your family*

2. Make an Offer

- a. Your real estate agent presents your offer to the seller, who will accept, counter or reject it*
- b. When the price is settled, you and the seller sign a Purchase Agreement, defining the terms of the sale*

3. Have the Home inspected

- a. *Hire a professional home inspector after the offer has been accepted to provide an in-depth look at the basic systems of the house, to reveal any safety hazards and give you a chance to reconsider the deal. Your Union Home Services realtor should be able to provide you the name of an inspection professional.*

4. The Home Will Be Appraised

- a. *An appraisal, required by your mortgage lender, is a formal, written estimate of the home's current market value*

5. Obtain Title Insurance (where applicable)

- a. *This guarantees that the property you are purchasing is free of liens or confusion in rights of ownership.*
- b. *The policy insures against any losses to the property that result from defects in the title or deed*
- c. *Fidelity National Title has agreed to provide a special money saving rate for Union Home Services clients. Contact your realtor or Union Home Services.*

6. Closing on your Mortgage, helpful hints on what you can expect.

Closing costs tend to vary from lender to lender, but are generally considered any costs associated with the purchase of a home. Today, these costs range between 2 and 7 percent of the home's purchase price and include three basic categories:

- a. ***Out of pocket expenses – fees for:*** *Appraisals, Attorneys (if needed), credit report, deed recording, tax services and other miscellaneous expenses, usually performed by a third party and directly charged to the borrower*
- b. ***Prepaid Expenses – Includes:*** *Homeowner's insurance, mortgage insurance and cost to set up an escrow account (Escrow accounts are services provided by the lender through which they will pay annual insurance and various taxes on the borrower's behalf. The amount that goes into these accounts is based on the first year's premiums, plus an additional amount to help build the account for future premiums)*
- c. ***Mortgage points:*** *A mortgage point is equal to 1% of the mortgage loan amount. When you pay a point(s) it actually helps reduce the loan's interest rate. For example, paying two points on a \$100,000 mortgage would require an additional \$2,000 up front at closing, but would cut the monthly mortgage payment. If you obtain the same loan amount at zero points, the interest rate and monthly payment would be higher. But there would not be any additional cost at closing.*

7. Close on the Property

- a. *Ownership of the property is transferred. A closing agent coordinates and distributes all the paperwork and funds.*
